"I am very happy to have attended the Business French Summer School at HEC Montréal. This experience allowed me to improve my language level in a formal context. The course offers a lot of activities and gives the chance to visit local businesses and discover the city to better know the culture and the economic environment of Montreal. The teachers and facilitators are very professional and always ready to help. As part of this program, I had the chance to make fantastic friends from all over the world. It is an experience that I will always carry in my heart."
